- #DreamingIsBelieving

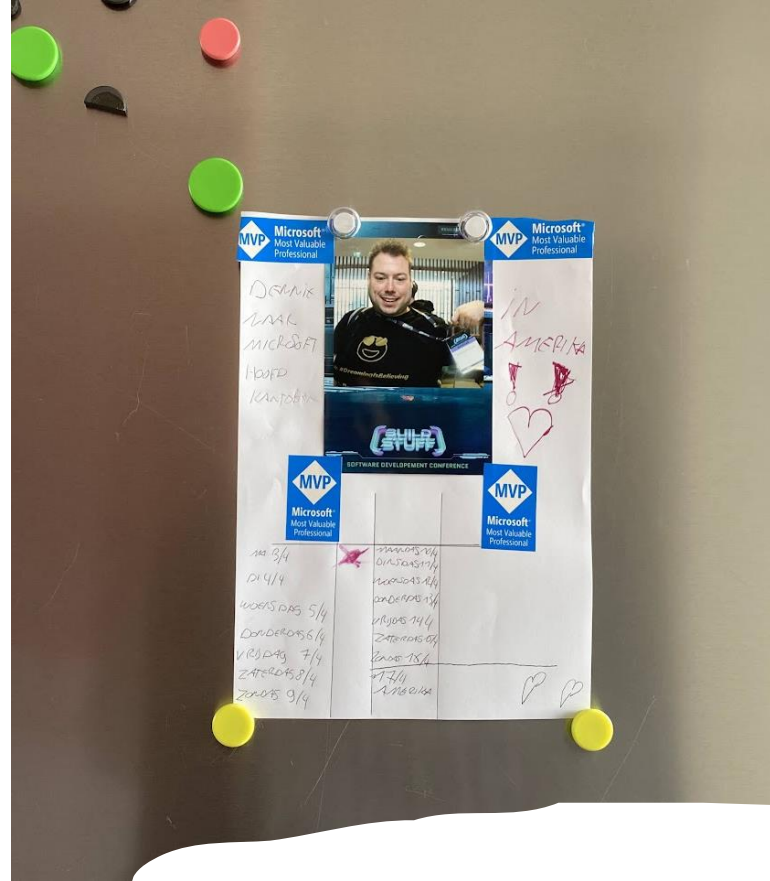

Autism is not

Being Lazy

Unwillingness

An imaginative new disorder

Acting with bad intent

Context-Blindness

- The CONTEXT of

- No Context:
 - Freeze
 - Stress
 - Unexpected Functioning

Different Stimuli-Response System

- Our Stimuli-Response System:
 - our Energy Balance

- Disbalance:
 - More stress
 - More Anxiety
 - More difficult to communicate about this...

Special Interests

- About hobbies, Fanatism & Passion
 - And specialization

- If possible:
 - Superpower!
 - Deep-dive knowledge
 - Out-of-the box thinking

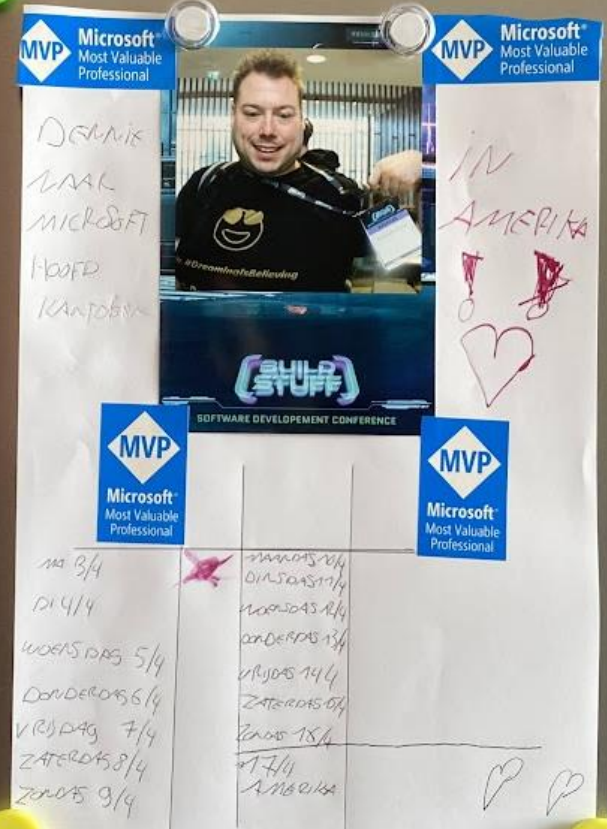

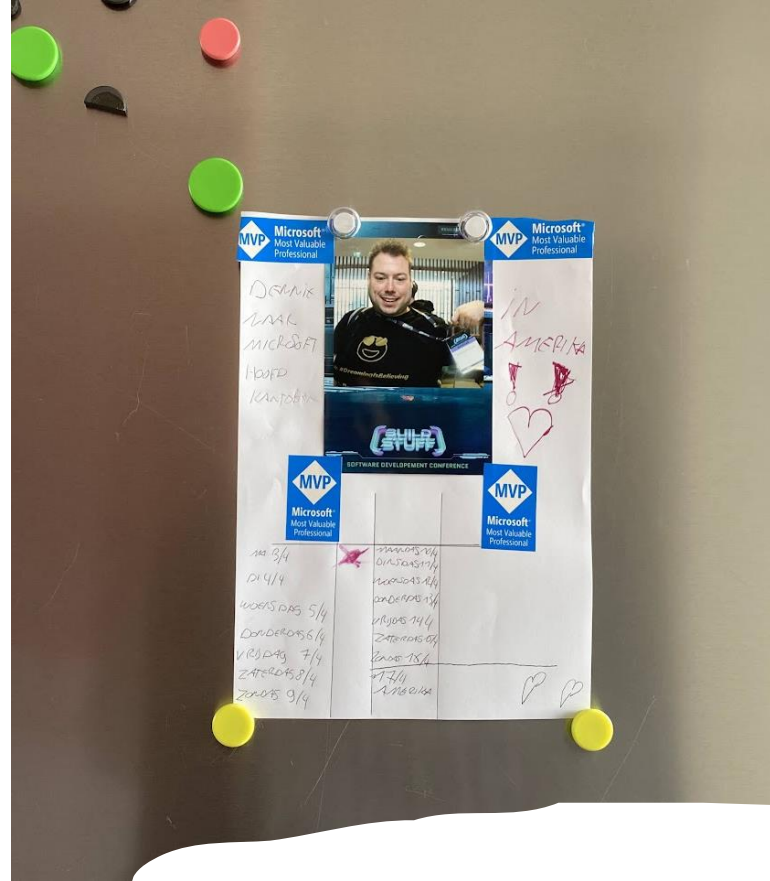

Clear Communication

- If communication was perfect..

- Stressful communication:
 - Calling
 - Unclear communication
 - Unexpected reactions

The Ideal Leader...

Provides Context

- Explains the situation
- Understand that:
 - “The obvious might me not so obvious”
- Is in mindful of deadlines
- Asks reformulation

Is mindful of stimuli

- Interviews employer what they need for workplace.
- Allows headphones, hats,...
- Is mindful of expectations about big-crowd meetings

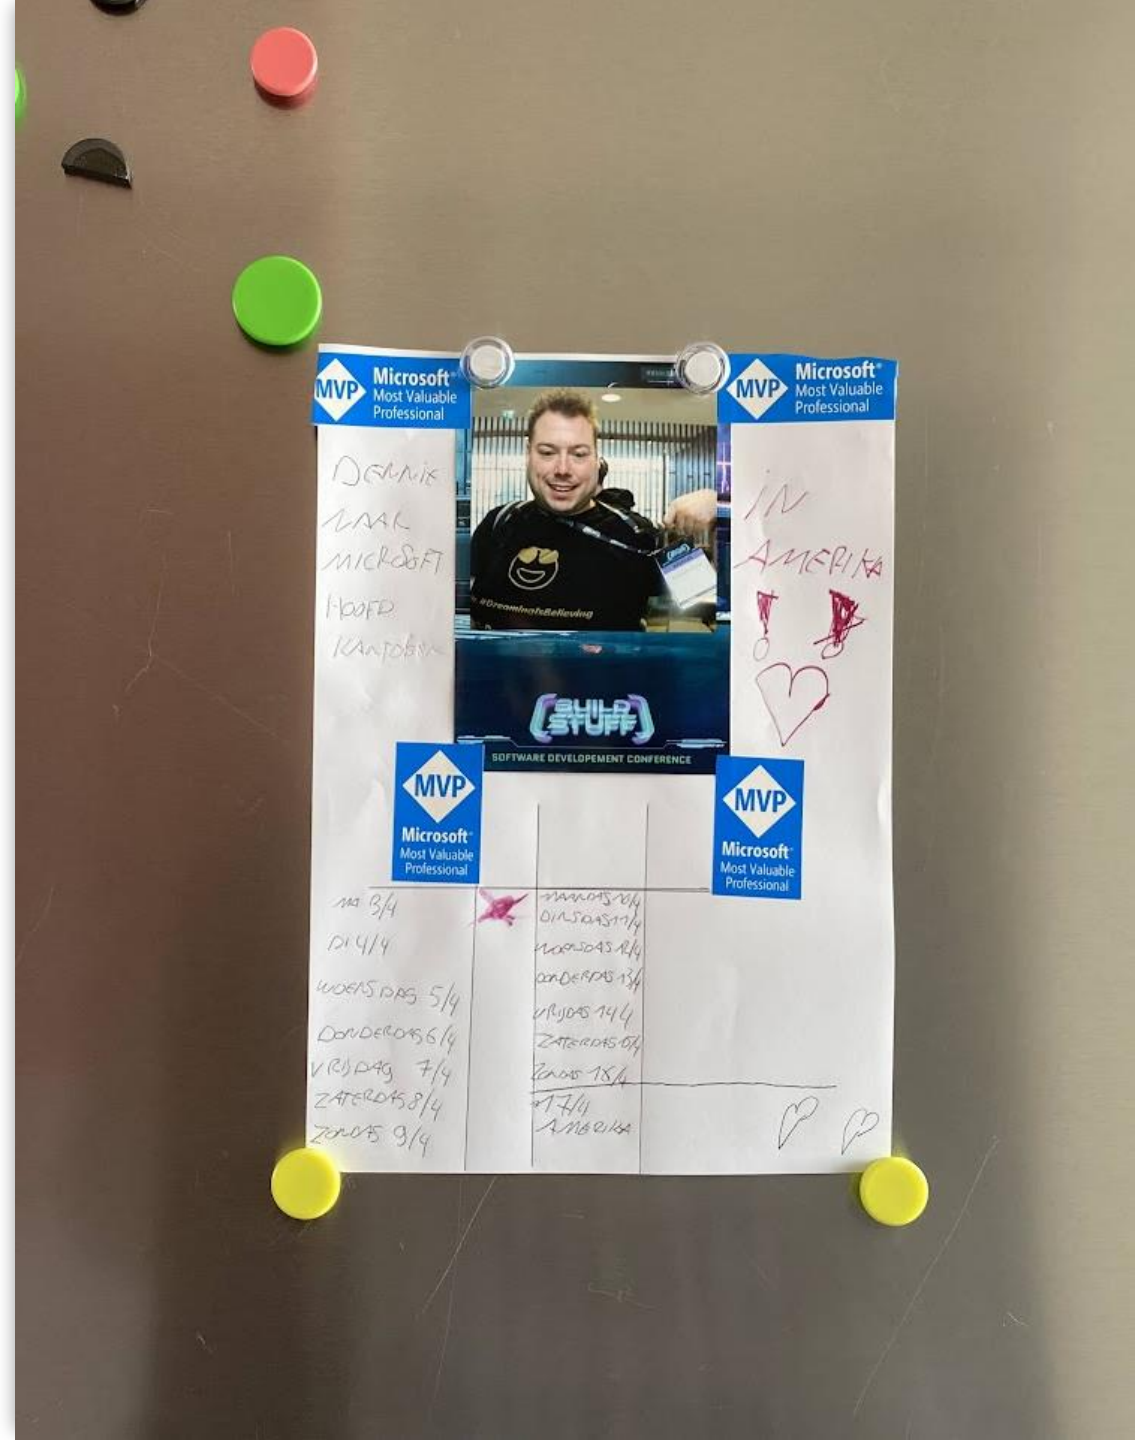

Is aware of Special Interests

- Knows the special interests of employers
- Knows the talent-distribution of team
- Can challenge when needed

Communicates

- Clear and to the point
- With empathy and adjusted to the employer
- Uses multiple ways (ex. written & spoken)
- Ask for short recaps for important topics

Thank you!
