

Exploring Patterns to Debug your Life

**Dennie Declercq // Miriam
Perrone**

NDC London // January 2023 //
London - UK

Agenda

About us

Patterns

Debugging

How did we do this?

Thanks // Q&A

Talk about Miriam

- Miriam Perrone
- Assodem // MPe.Books
- Public Speaker // Writer // Publisher

Experience

“How welcoming
fear made it go
away”

Talk about Dennie

- Dennie Declercq
- President/ Developer DDSOFT
- Microsoft MVP
- #DreamingIsBelieving

Question

“Why I am I
sometimes so
successful, but do I
sometimes attract
the wrong things?”

Question

“Why I am I
sometimes so
successful, but do I
sometimes attract
the wrong things?”

Question

“Why I am I
sometimes so
successful, but do I
sometimes attract
the wrong things?”

Patterns

What are life patterns?

Some life patterns

LAW OF GRAVITY

LAW OF PROXIMITY

LAW OF ATTRACTION

How the Law of Attractions works

YOUR MIND VIBRATES

VIBRATIONS HAVE FREQUENCIES

Quantum

Know you can

Hack your BRAIN!

The Behavioral Framework

Cognitive Behaviour Therapy

Feeling Exercise

Cognitive Behaviour Therapy

EVENT: “Not hired after job interview”

Unhelpful thought → outcome	
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!
Feeling	
Behavior	
Consequence / outcome	

EVENT: “Not hired after job interview”

Unhelpful thought → outcome	
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!
Feeling	Insecure, restless, tensed and nervous
Behavior	
Consequence / outcome	

EVENT: “Not hired after job interview”

Unhelpful thought → outcome	
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!
Feeling	Insecure, restless, tensed and nervous
Behavior	I don't smile, I have a very serious tensed expression (because I feel very nervous)
Consequence / outcome	

EVENT: “Not hired after job interview”

Unhelpful thought → outcome	
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!
Feeling	Insecure, restless, tensed and nervous
Behavior	I don't smile, I have a very serious tensed expression (because I feel very nervous)
Consequence / outcome	People interpret this as 'not very motivated' → I am not selected for the job

EVENT: “Not hired after job interview”

	Unhelpful thought → outcome	Helpful thought → outcome
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!	I am very motivated to get this position, I have all the capabilities to function well in it, and I am very talented for that job!
Feeling	Insecure, restless, tensed and nervous	
Behavior	I don't smile, I have a very serious tensed expression (because I feel very nervous)	
Consequence / outcome	People interpret this as 'not very motivated' → I am not selected for the job	

EVENT: “Not hired after job interview”

	Unhelpful thought → outcome	Helpful thought → outcome
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!	I am very motivated to get this position, I have all the capabilities to function well in it, and I am very talented for that job!
Feeling	Insecure, restless, tensed and nervous	(Self)confident, relaxed
Behavior	I don't smile, I have a very serious tensed expression (because I feel very nervous)	
Consequence / outcome	People interpret this as 'not very motivated' → I am not selected for the job	

EVENT: “Not hired after job interview”

	Unhelpful thought → outcome	Helpful thought → outcome
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!	I am very motivated to get this position, I have all the capabilities to function well in it, and I am very talented for that job!
Feeling	Insecure, restless, tensed and nervous	(Self)confident, relaxed
Behavior	I don't smile, I have a very serious tensed expression (because I feel very nervous)	I am able to have a relaxed conversation, where I am also able to relax my facial muscles and maybe even put a kind and friendly smile on my face during the interview. This makes a good impression on the interviewer(s).
Consequence / outcome	People interpret this as 'not very motivated' → I am not selected for the job	

EVENT: “Not hired after job interview”

	Unhelpful thought → outcome	Helpful thought → outcome
Thought	They'll think that I am not motivated, that I don't really want the position, and then I won't get the job that I, in fact, do want so badly!	I am very motivated to get this position, I have all the capabilities to function well in it, and I am very talented for that job!
Feeling	Insecure, restless, tensed and nervous	(Self)confident, relaxed
Behavior	I don't smile, I have a very serious tensed expression (because I feel very nervous)	I am able to have a relaxed conversation, where I am also able to relax my facial muscles and maybe even put a kind and friendly smile on my face during the interview. This makes a good impression on the interviewer(s).
Consequence / outcome	People interpret this as 'not very motivated' → I am not selected for the job	The interviewer interprets my behaviour as 'confident', 'capable', 'friendly' and experiences the interview as pleasant → I get selected for the next round of applications

Conclusion

Change

Change your outcome, by
changing your thoughts

Debug

Debug your life, by exploring
your thinking patterns

Debugging

Debugging what you want to CHANGE

IT

“The web form isn’t working”:

REMOVE: Remove a part of the *‘validation’* code.

ADD: Add a new *validation* method

EXERCISE: Refactor the new *validation* method

REPEAT: Implement the new *validation* method on all form elements.

HUMAN

“I always fail my exams”:

REMOVE: unhelpful thoughts

ADD: helpful thoughts

EXERCISE: be conscious & keep replacing unhelpful thoughts.

REPEAT: until you get the outcome that you WANT

How did we do this?

Dennie

Loosely Coupling

Working on content

Being vulnerable

Dennie

Honest to myself

Believe people want to help

Work on trust

Sometimes this
process is too much
struggle... What then?

ACCEPT

Miriam

Miriam

Miriam

*“Accept what you can’t change,
Change what you can’t accept”*

Recap

- EXPLORE your life patterns
- CONNECT the DOTS (behavioral framework)
- DEBUG your life by changing thoughts(mindset) / ACCEPT
